

Accounting for Beginners, 1992, James Dovey, 0951747215, 9780951747216, C.J. Dovey, 1992

This textbook arises out of research conducted by the author over many years of teaching, research aimed at finding out what is needed by beginners to understand the logic of debits and credits within the basic structure of accounts, to see the reasons for the way they are applied to transactions and to appreciate the common sense of the meanings given to them.
